Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, En-Vision America hereby requests confidentiality of the Block Diagrams, Schematics and Operational Description attachments for the subject application.

These documents contain detailed system and equipment description and related information about the product, which En-Vision America considers being proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, En-Vision America considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "David Raistrick", written over a horizontal line.

David Raistrick
Vice President
En-Vision America, Inc.
